

6<sup>th</sup> Form News

January 2021

We are glad our customers were happy with their Christmas personalised mugs so we would like to offer personalised mugs throughout the year for birthdays, anniversaries and other special occasions.

6th form have spent some of our profits purchasing a new heat press machine. The new heat press machine will personalise T-shirts, fabric shopping bags, cushion covers, jigsaw puzzles, mouse mats and phones cases. We need to learn to use it first but watch this space for a new catalogue and order forms. Thank you for your continued support with our enterprises.
