

Sixth Form Business Enterprise

Christmas 2020

I have really enjoyed making the mugs and putting them in the machine.

I have absolutely enjoyed cutting the wood to make the planters and knowing where the number I need to mark down to draw a line to cut.

I really loved putting in the different colours on the calendar for the school term and weekend, also holidays.

I liked planting the planters up for them to go to customers.

I really enjoyed making the calendars, it was especially fun putting the pictures on.

I really enjoyed making the planters and making the mugs in the 6th form group room with the other students.

It was fun planting, I always like to plant bulbs, the best part was placing them in.

I enjoyed making the soap, they smelt really nice.

I helped to make planters, mugs and calendars. I really enjoyed it, I would do it again. I would like to do it in my spare time

I have really enjoyed making the mugs and putting them in the machine.

I enjoyed putting the calendars together. I also liked using the binder machine.

I made some calendars and put photos on them. I also enjoyed putting them together.

I enjoyed making the Pamper bags, I especially enjoyed making the soaps.

I thought making the soap was really cool, I enjoyed making and mixing the mixture

Westfield 6th form would like to say a really big thank you to all of our customers who have supported our Business Enterprise this term. The students worked really hard over the entire half term to plan the enterprise and were then quite surprised but pleased with the amount of orders we received. Three intensive weeks were then needed to produce and dispatch all the items in good time for the end of term. You can see from the comments on the previous page that the students really enjoyed the different projects, which was a great opportunity to apply their functional English and maths skills, and to put their work awareness skills into practice. We have received some kind comments and excellent feedback on our forms, for which we are very grateful.

We would like to continue to produce personalised mugs for special occasions and will send out further information in the New Year. Our practical workshop and horticulture teams have already planned to make summer planters with home grown bedding plants which will be available to order next term. The profits raised have been put back into the 6th form account, and resources to benefit next year's curriculum will be purchased.

Thank you again for your support and we all wish you a Merry Christmas and a happy new year.
