## Five minutes of fame!

Seven members of our Sixth Form are taking part in a gardening project at Berrington Hall, to help with the restoration of The Curved Garden. The students were featured on the BBC Midland Today evening news this week to advertise the opening of the garden on 6<sup>th</sup> July. The news item showed the students hard at work, clearing the grounds, making grow beds out of straw bales and compost, and planting banana trees and tomato plants which will become a part of The Curved Garden. The students were very patient and mature throughout the filming process and are a huge credit to the school.

## Attendance News

Our school attendance target is 95%

Best attended class this week is Fox class with 98.6%

Any spare PE shorts your child no longer needs would be most gratefully received in school, as our supplies are running low.

Many thanks

**CHEESE!**
